## Program: Kate Baldwin, Partners in Prevention

Kate from Partners in Prevention was our presenter today. Partners in Prevention-Rock County, Inc. is a group whose mission statement is to effectively build a community united to create healthy environments for children, youth, and families. Their priority is to reduce alcohol and

other drug use in Rock County's youth. The findings of a random survey in Janesville and Beloit in the late 1990's suggested a general permissiveness of attitudes toward adolescent access to alcohol and tobacco. The goal of the group is to raise awareness of the problems and raise support for prevention.
