### Our Program:

### Ruth Robinson - Challenge Program

This is a program that involves students in grades 4-8 with approximately 27 per grade. The program has been in existence for over 20 years. Janesville was a pioneer in Wisconsin when the program was started.

It is designed for students that can process information faster than the average for their age. These students learn faster but they also learn differently. They can take more information, like to be challenged and they tend to thrive on complexity.

The program is designed to make it "OK to be smart".

Thanks to Jim Holmstrom for taking the notes. Members having information for future newsletters can email [editor@janesvillekiwanis.org](mailto:editor@janesvillekiwanis.org).

Kiwanis is a global organization of volunteers dedicated to changing the world, one child and one community at a time.
