### Our Program – Sam Loizo The Washington Seminar Experience

Sam is a teacher at Craig HS and has lead the students on an annual trip to Washington D.C. since 1994. When Sam was a student in 1971 at St. Joseph's in Kenosha, he took a trip to D.C. and learned the importance of government actions. Since that time, he has volunteered to take students interested in learning about government to D.C.

The students have to opportunity to tour important sites and also meet and talk with important people like former Craig students, Congressman Paul Ryan and Senator Russ Feingold. Sam told an interesting story about one of his students talking about guns and hunting w/ Paul Ryan!

There is no cap on the number of students who can attend the program and there is financial assistance available to any student who may need it. They have had students from the school within a school program attend as well as honor roll students.

Many former students have gone on to seek employment in government after attending this program.

Thanks to David O'Leary for taking the notes. Members having information for future newsletters can email [editor@janesvillekiwanis.org](mailto:editor@janesvillekiwanis.org).

Kiwanis is a global organization of volunteers dedicated to changing the world, one child and one community at a time.
