### **Program:**

Terri Huber was with us today to discuss the Janesville Farmers Market. The market has been in existence for six years, all of which Terri has been the Director. She helped start the market because she thought it was important for the County Seat of an agricultural community to have a market.

It started out with 18 core vendors and has now grown to 42 as of last week. In order to be a vendor you must prove that you made/grew the product your selling. The market is open from the 2<sup>nd</sup> Saturday in May to the last Saturday in October from 8AM to 1PM. Terri set's it up and takes it down each Saturday during that time frame. Although she is the director, the market itself is governed by a volunteer board of directors. She says the market is like a family and enjoys the atmosphere when people come together each week. Recently you may have heard of the turmoil regarding the leadership and the resulting creation of the Rock County Farmers Market that is held each Sunday just west of town. Terri looks upon this as a great opportunity for her vendors to sell additional items.
